

## CMS 2017

 **CMS Berlin 2017**  
Cleaning. Management. Services.  
**19.-22. September**

We thank you for visiting our booth during CMS 2017, which was held in Berlin recently.

CMS was an excellent opportunity to present our **hyCLEANER®** systems *live*. We hope you have enjoyed the show as much as we did.

We are satisfied with the very positive response we received. We made a large number of new, valuable contacts and were able to intensify existing business relations.

We would like to thank all our visitors, partners, customers and employees who have contributed substantially to the success of the exhibition.
